Over the past couple of years the topic of
fascism has been very big on the minds of many
people. Anti-fascism, if nothing else, characterizes
the political ideology of what has been called
the Punk Movement. It is a topic that has been an
underlying theme in much of the contemporary
music from David Bowie and Elvis Costello to
the Dead Kennedys. Swastikas with a circle and
a slash can be found on pins, t-shirts, walls,
anywhere a symbol can be placed. A slogan or symbol
is not enough however to effect a change, but must
be understood intellectually. Remember what
Smokie the Bear says, "Only you can prevent Fascism

IMPACT ABSORPTION ROLE

When you fall you should try to do a somersault. When you fall ,don't try to break the fall by sliding. You'll literally whittle yourself down. Which means you'll look like pizza. Sausage pizza. I would strongly advise practicing these techniques before you use them in a actual fall. And remember, the only way to keep yourself from looking like pizza is not to fall. Wearing safety equipment also helps. Falling is no fun, as most of you know. If you don't, take my advice and skate safe.

skate safe,
and skate longer,

Review of Paul Gaddy

Paul Gaddy is a guy in my class that plays football. He is very tall and very strong. When you ask him where the beach is he flexes his muscle and points and says, "It's thata way." Paul is a all around nice guy. We went to eat at Taco John's on taco tuesday and Paul ate 4 tacos. Paul was in the paper for being a good football player and he made a mean face. when he plays football he trys to hurt people. Paul has a camaro car and a motorcycle. He drives real fast and will probably get a ticket someday. If he gets a ticket he'll probably eat the policeman for breakfast, or dinner, depending on what time it is.
